### PRODUCTION

*FORECASTED*

59 000 bouteilles - bottles

3ème année de conversion en agriculture biologique  
3rd year of conversion to organic agriculture

## Millésime 2023

### JAMES SUCKLING - 96-97

This well-defined and sophisticated wine shows a gorgeous center-palate of near perfectly ripe fruit. Lots of dark berries and minerals with some pine, while the texture is full and compact with layers of well-integrated, fine tannins. The finish is seamless. Just a hint of salt at the end of the pretty fruit. 72% merlot, 18% cabernet franc and 10% cabernet sauvignon.

---

### ALEXANDRE MA - 94-96

The 2023 Château Bellefont-Belcier releases a distinctive fragrance of blood orange and tangerine peel, lending a refreshing crispness to its already juicy and delightful palate. Elevated by its pronounced acidity, the texture appears particularly elegant, ready to take flight with just a gentle gust, drifting freely like a kite in the expansive sky. The tannins are silky, and the finish flows effortlessly like a stream, with the soft, mellow liquid soothing the palate, preserving its freshness while subtly enhancing vigor.

---

### YVES BECK - 95-97

The 2023 Château Bellefont-Belcier releases a distinctive fragrance of blood orange and tangerine peel, lending a refreshing crispness to its already juicy and delightful palate. Elevated by its pronounced acidity, the texture appears particularly elegant, ready to take flight with just a gentle gust, drifting freely like a kite in the expansive sky. The tannins are silky, and the finish flows effortlessly like a stream, with the soft, mellow liquid soothing the palate, preserving its freshness while subtly enhancing vigor.

---

### DECANTER, PANOS KAKAVIATOS - 95

Wonderful wet stone freshness and vividly floral. Tasted twice, with one sample showing especially savoury aspects but both with polished tannin and impressive structure from the ripe Cabernet Sauvignons, especially. Crafted from grapes picked between 19 September and 5 October, this wine shows superb lift on the long finish, with salinity and freshness, and a hint of fine chocolate leaves the impression of 'contained opulence'. Ageing in 30% new oak, the pH is 3.56.

---

### WINE ADVOCATE, WILLIAM KELLEY - 93-95

The 2023 Bellefont Belcier demonstrates this property's continuing renaissance, exhibiting more density and seriousness as the team starts to get the best out of their holdings on the plateau of Saint-Émilion overlooking the slopes that surround the château. Offering up aromas of dark berries and cherries mingled with hints of burning embers and iris, it's medium to full-bodied, supple and fleshy, with a layered core of fruit, powdery structuring tannins and a long, penetrating finish.

---

### JANE ANSON - 94

Fresh aromatics, attractive raspberry leaf and violet, deeply coloured, well textured, there is clear oak influence, but it is well integrated, and the texture has resistance and rise through the finish. Good quality. 30% new oak. 45hl/ha yield, Vignobles K owners.
